

Locker Agreement and Policy for The 2018/19 Season

This **Agreement between the Season Locker Holder and Dodge Ridge** is that of a license to use the locker space. Dodge Ridge does not accept nor take responsibility for any of the contents of the locker whether by loss or damage from theft, vandalism, fire, water damage, or destruction of all or a portion of the locker area. It is agreed that the **Season Lockers** are to be used by **Season Pass Holders** licensed by this agreement for the storage of skis, poles, boots, snowboards and snowsports related accessories on a seasonal basis. The Season Locker Holder may not transfer or sublet the locker to any other guest.

The annual license period for the 2018/19 Season is from October 1, 2018 through September 30, 2019. The Season Locker Holder agrees that at the end of the license period the locker will be relinquished to Dodge Ridge in the same condition as it was when originally licensed. If the locker is renewed, the contents do not need to be removed and can be stored through the off season with limited access. Limited access can be made available by request during the off season by calling (209) 965-3474 or by emailing info@dodgeridge.com. If the locker has not been renewed by September 30, 2019, the locker will be considered relinquished. Relinquished lockers will be opened by Dodge Ridge staff and the contents removed and put into storage for 30 days and arrangements will be made for pickup and/or disposal of contents.

I understand and agree to the terms set above.
